

PRE-REQUISITES FOR AURA-SOMA TEACHER COURSES
Effective from 1st JANUARY 2002

This pre-requisites form should be completed by anyone wishing to attend a teacher course and sent to the course organiser as listed in either the International or Dev Aura diary. It may be updated from time to time and you will receive immediate notification of any changes.

The Teacher Training programme is open to all who have completed the Bridge course and are upholding the principles and practices of Aura-Soma as set out in the Practitioner Guide and Teacher Guide.

The Academy considers it especially important that those entering the teacher training programme are willing and able to work in harmony with the existing Aura-Soma network, and are respectful of the non intrusive principle in their dealings with others.

If the above criteria are not met by a prospective applicant, then, after discussion with the applicant, the Academy reserves the right to decline their application for enrolment. Applicants may re-apply at any time.

There is no recommended minimum period between Aura-Soma Teacher courses as the emphasis is on experience gained.

Notes

In order to teach any level of the Aura-Soma Practitioner training you must be in possession of a current Teacher Practising Certificate for that level.

* You may apply and be considered to attend any of the Aura-Soma Teacher courses without having completed the teaching experience requirements (marked with an *) if you are sure that you do not wish your attendance on the course to lead to its teaching qualification. If, at a later date, you decide you want to teach that particular level of the Practitioner Training, you will then need to complete all the relevant pre-requisites and then re sit the course. The Academy offers this tuition free.

♥ The Academy's recommendation is that re sits be free of any tuition charge, although this is at the discretion of individual teachers. In exceptional cases, exemptions to this pre-requisite will be considered upon receipt of written application to the Academy.

♠ If student numbers are difficult to achieve, please contact the Academy.
